America turns further from Christian values and the core principles of liberty every day. It's frustrating when you feel like you can't assert Biblical truth without facing condemnation. It's sad that outrage and victimhood have replaced respect and reason. How can you stay rooted in your own faith and continue publicly testifying for Jesus?

In *We Will Not Be Silenced*, Dr. Erwin W. Lutzer gets us ready to live out our convictions against a growing spirit of hostility by obtaining a better understanding of non-believers' legitimate hurts and concerns regarding issues such as racism, sexism, and poverty, and identify the toxic responses secular culture disguises as solutions. In the process, we'll evaluate how we can witness, show compassion, and gentleness outside the faith without affirming their beliefs. *We Will Not Be Silenced* will prepare you to move beyond fear and boldly accept the challenge of representing Christ to a watching world that needs Him now more than ever before.

1. Read on page 128 Dr. Lutzer's comments related to "The purpose of propaganda is..." List at least five beliefs held by many Americans with which you personally struggle. These can be Biblical, economic, scientific, etc.
2. We live in a society that thrives on advertising. Why is much of the advertising we see based on "desires" and not "needs"? Provide some examples (this should be easy as there are so many that bombard us on a daily basis!).
3. On page 131 we read, "Even evil, if packaged correctly, can appear to be good, and good can be packaged as evil." Provide some examples of how we see this in today's culture.
