America turns further from Christian values and the core principles of liberty every day. It's frustrating when you feel like you can't assert Biblical truth without facing condemnation. It's sad that outrage and victimhood have replaced respect and reason. How can you stay rooted in your own faith and continue publicly testifying for Jesus?

In *We Will Not Be Silenced*, Dr. Erwin W. Lutzer gets us ready to live out our convictions against a growing spirit of hostility by obtaining a better understanding of non-believers' legitimate hurts and concerns regarding issues such as racism, sexism, and poverty, and identify the toxic responses secular culture disguises as solutions. In the process, we'll evaluate how we can witness, show compassion, and gentleness outside the faith without affirming their beliefs. *We Will Not Be Silenced* (WWNBS) will prepare you to move beyond fear and boldly accept the challenge of representing Christ to a watching world that needs Him now more than ever before.

1. After 9/11 how did both the radical left and Islamists focus their efforts on destroying The United States (pages 210-214)?
2. For what do the radical left and Islamists blame America?
3. On page 213 of WWNBS we read that "the left believes that if capitalism were uprooted and a socialist state were to emerge, radical Islam would no longer have to be radical." Why is this flawed thinking on the part of the left?
4. We all recognize the radical left is committed to separating the church and state.
  - a. In the United States why has "the church" been so critically important to our success as a nation? Think back to our foundation and critical parts in our history.
  - b. Ironically, within radical Islam there is no separation between mosque and state. What are some examples where we can see this?

5. Why is immigration such a critical part of Islam's goal of taking control of America (page 217-218)? Consider the following statistics in developing your answer.

*While the world's population is projected to grow 32% in the coming decades, the number of Muslims is expected to increase by 70% – from 1.8 billion in 2015 to nearly 3 billion in 2060. In 2015, Muslims made up 24.1% of the global population. The number of babies born to Muslims is expected to overtake those born to Christians within two decades, making Islam the world's largest religion by 2075, according to new analysis of data by the Pew Research Center.*

6. What have been the results of political correctness divorced from common sense?

7. On pages 220 through 224 we read *The Response of the Church*.

a. How should we as Christians view Muslims and why?

b. What is the best means of introducing Muslims to the Gospel?
